

Title- Education for all

Context of initiation:

The college ensures every aspirant in the mainstream through education

Goals

- To assist in enhancing the access to opportunities
- To make them realize their potential

. Practice:

The college believes that every student has potential.

Evidence of success

- The remedial classes are continued in these times.
- Hybrid counseling sessions organized.

Problems Encountered and resources required

The psychological effects of pandemic on the students and the governments leniency.
Strengthening of IT infrastructure is needed.

Notes: It helped immensely in enhancing students participation.

Title: Be a leader

Context of Initiation: The college believes that students from the countryside should not lag behind in any field, they have the potential of leadership.

Goal :Following are the goals of this practice

- To enable them for decision-making
- To develop leadership skills among students

Practice:

This year is also affected by the deadly virus , still the college took many initiatives for the development of leadership qualities among students.

Evidence of success

The college through various committees, literary congregations, encouraged participation. The meritorious students were nominated on student council and various committees.

Problems Encountered and resources required

More budgetary allocation is required.

Notes: The college succeeded in developing interest.
